Long distance calls

mean so much
cost so little

A long distance "visit" costs
so little anytime you call—day or night.
It's a special bargain after 6 p.m. on
weekdays and all day Sunday.

★ **Low long distance rates to many cities are shown on the inside cover of this directory.**

GOOD TELEPHONE IDEAS FOR YOUR HOME

VOLUME-CONTROL PHONE Turn the button on this telephone and incoming voices are made louder or softer, as you wish. Especially useful for those with impaired hearing; a good thing to have wherever it's usually noisy.

WALL PHONE Practical space-savers for kitchen or workshop, the hall or family room because they hang right on the wall . . . right where you want them. Available in seven handsome colors to tie in with your decorating scheme.

SPEAKERPHONE Speak into a separate microphone, listen through a separate loudspeaker. No need to lift the receiver, your hands are free to write, check papers. Good for telephone conferences; can be used as a standard phone.

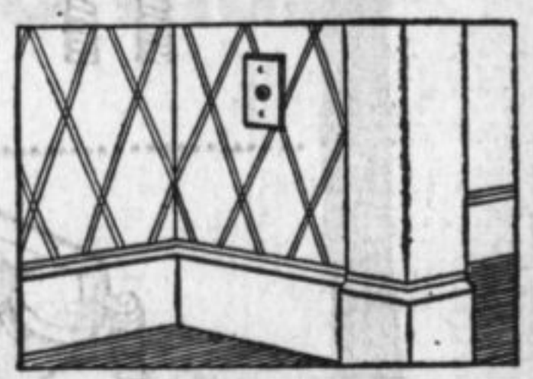
beautifully practical EXTENSION TELEPHONES in color Whichever rooms in your home need a telephone, they will be the brighter for an extension in color. Choose from light grey, rose pink, white, ivory, cherry red, pastel yellow, light beige, moss green or aqua blue.

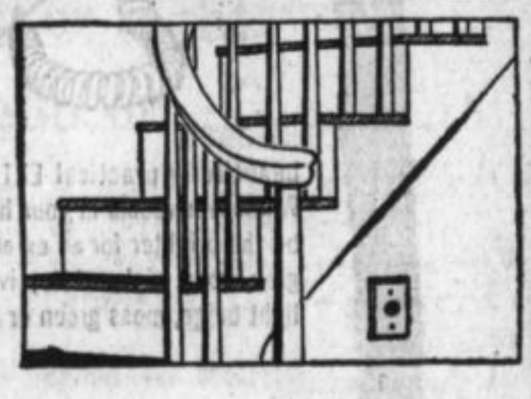
LIGHT-UP DIAL Switch on this phone's light at night, or in a darkened room. It stays on to act as a night light . . . no groping for the phone. Lift the receiver and the light brightens, makes dialing easy. Ideal for that bedroom extension.

Call your Pacific Telephone business office for all the facts on these different telephones. No obligation, of course.

Building your dream home soon?

DON'T FORGET TO PLAN AHEAD FOR CONCEALED TELEPHONE WIRING





Whether you'll want only one or a number of telephones, the time to plan for built-in concealed wire facilities is when your home is still in the blueprint stage.

For then you can be certain you won't later have to tear up part of your flooring or bring the wire in along the baseboard.

So decide in advance on convenient locations, and specify that conduit be installed during construction. This provides a metal tube through which wires may be drawn when your telephone is installed.

Our Telephone Planning Service will help you in every way possible at no charge.

↑ The lovely little Princess lights up (perfect for your bedroom).

Style and color to fit any decorating scheme

STEP-SAVING EXTENSION PHONES

Enjoy colorful home-wide telephone convenience. Extension phones everywhere you need them save many steps, cost just pennies a day after a one-time charge. And you save money when more than one extension is installed at the same time.

Moving? Save money! When we connect your service, we'll put in extensions free of extra installation cost.*

*Princess and color charges additional.

↓ Desk sets in color look just right wherever you want them.

← Wall phones keep work areas clear in kitchen or workshop.

For free planning help, call our business office or ask your telephone service man.

WARNING:

EMERGENCY CALLS
On Party Lines

California Penal Code section 384 makes it a misdemeanor for any person who shall wilfully refuse to immediately relinquish a telephone party-line when informed that such line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. Also, any person who shall secure the use of a telephone party-line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor. "Emergency" means "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential."

How to Dial Local Calls

(For all other places, see page 2)

1 **Wait until you hear the dial tone before you dial. If the number you want is not in this directory, dial 113 from Arroyo Grande, Atascadero, Paso Robles and San Luis Obispo; in other places ask Operator for Information.**

2 **Dial the listed number to any other telephone in the same exchange. In addition, you can dial local calls between Arroyo Grande (Prefix 489) and Pismo Beach (Prefix 773).**

Ringing Signal

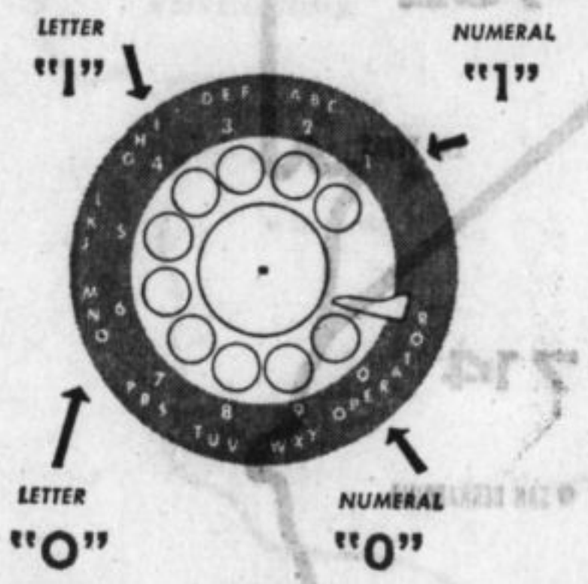
A soft "burr-r-ring" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

Letters "I" and "O"—Numerals "1" and "0"

Please be careful not to confuse the letters "I" and "O" with the numerals "1" and "0" when dialing.



Numbers Replace Letters

All-Number Calling is being introduced throughout the country. Numbers replace letters in the prefix; the rest of the number remains the same. For example, KL 5-2368 becomes 555-2368. These new numbers appear in this directory. Dial them just as they are listed.

If You Reach a Wrong Number

—dial Operator immediately and tell her what city, and if possible the telephone number, you reached so you will not be billed for the call.

Calling Another Party on Your Line

When calling a local number, if you hear a high pitched tone it means the number you are calling is on your party line. Dial Repair Service to find out how to complete the call.

If you always hear a busy signal when calling a certain local number it may be that the number is on your party line. To find out if it is and how to complete your call dial Repair Service.

Your Telephone Operator

Your Operator is always ready to help you with calls you cannot dial, in any difficulty you may encounter and IN EMERGENCIES. To reach her just dial "OPERATOR."

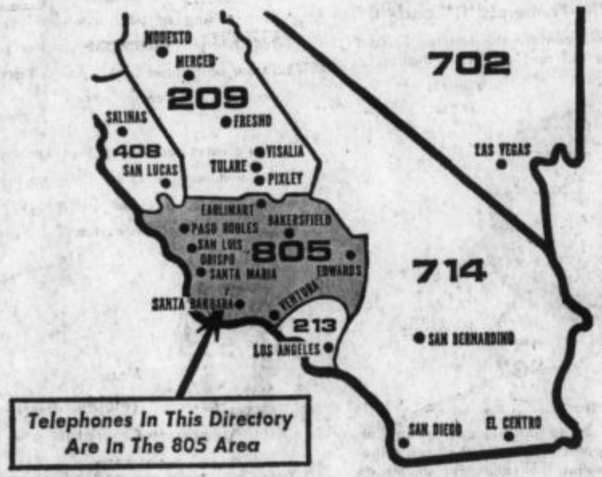
HOW TO USE DIRECT DISTANCE DIALING
from One and Two Party Telephones in San Luis Obispo
(Other places dial Operator)

The United States and Canada are divided into more than 100 telephone areas, each identified by a three-digit area code. (See map on page 6.) This system makes it possible for you to have Direct Distance Dialing. With DDD, you can dial your own station-to-station calls, when the number you are calling has either two letters and five numerals or seven numerals. For other types of calls and calls from coin telephones, dial "Operator."

If you know the area code and number . . .

1 ON CALLS INSIDE THE 805 AREA

DIAL the TELEPHONE NUMBER. Do not dial Area Code 805.



2 ON CALLS OUTSIDE THE 805 AREA

DIAL the appropriate AREA CODE and the TELEPHONE NUMBER.

3 GIVE THE OPERATOR YOUR NUMBER IF SHE ASKS FOR IT

Before the called telephone rings, an operator may ask "Your number, please?" Be sure to give her the number from which you are calling.

4 IF YOU REACH A WRONG NUMBER

—dial "Operator" immediately and tell her what city you reached so you will not be billed for the call.

If you don't know the area code or number . . .

1 HOW TO GET THE AREA CODE

A partial list of places you can dial direct and their area codes are shown on pages 6-10. If the place you want is not listed, dial "Operator" and ask her if it can be dialed.

2 HOW TO GET THE NUMBER

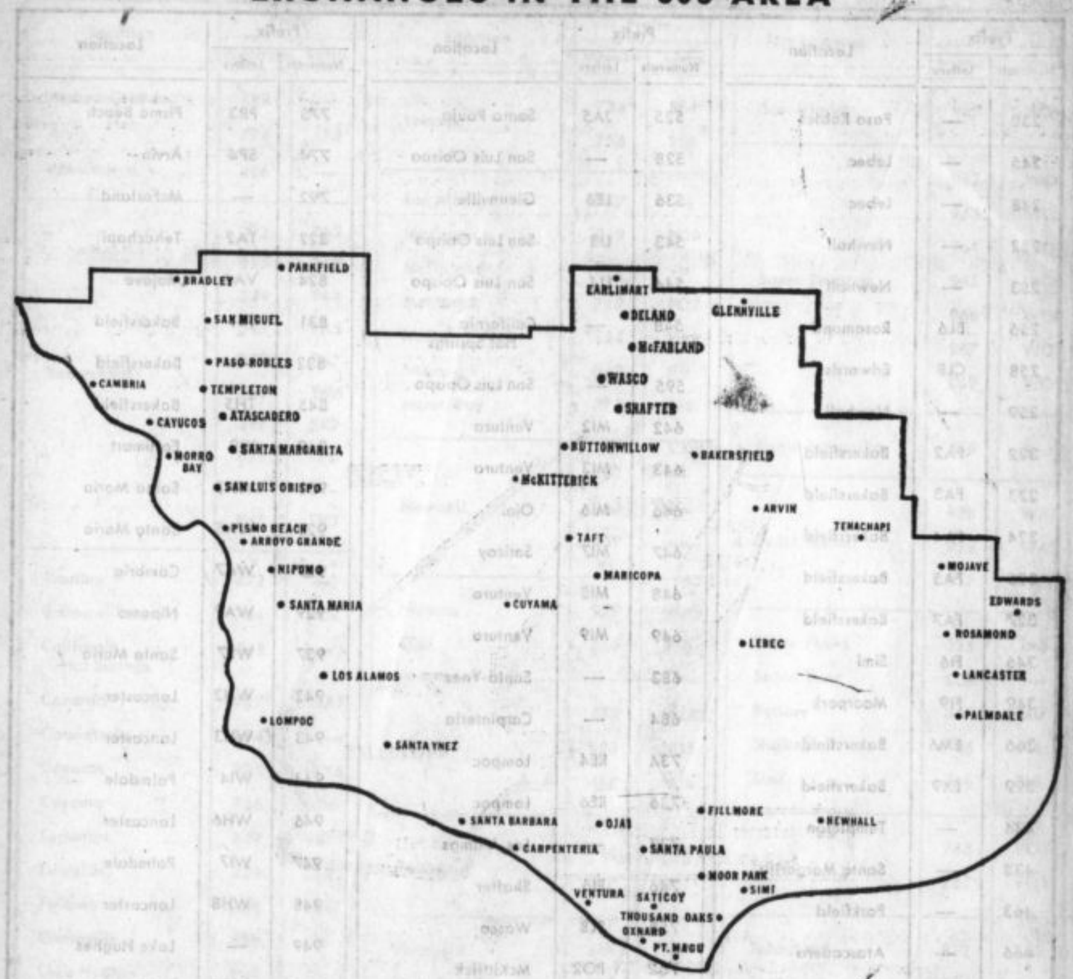
If you don't know the out-of-town number, you can dial the Information Operator serving many distant places—those starred on pages 6-10—without charge. Dial the Area Code then 555-1212. When the Information Operator answers, first give her the city or town, then the name and address you are calling.

If the place you are calling is not starred, dial "Operator" and ask for Information in the distant city.

3 DIAL THE CALL, FOLLOWING INSTRUCTIONS IN LEFT COLUMN

IF YOU NEED ASSISTANCE, DIAL "OPERATOR." SHE WILL BE GLAD TO HELP YOU.

EXCHANGES IN THE 805 AREA



If you live within the area shown, do not dial the Area Code. People dialing you from outside this area must dial 805, and then your telephone number, in order to reach you.

AREA CODES FOR FASTER LONG DISTANCE CALLING

Even on calls you must place with the Long Distance Operator, the Area Code will help you get them through faster. Just give her the Area Code (if it is different from the one for the phone you are using) and the telephone number you want. For example, say "Area Code 311, 555-2368." If the Operator needs to know the place name, she will ask for it.

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging starts when conversation begins.

CONFERENCE

You can talk with several people in different places at the same time. Tell the Long Distance Operator you wish to make a conference call.

COLLECT

You can make most calls "collect" if the person you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator when you give her the call.

MOBILE AND MARINE SERVICE

You can also make local and long distance calls to automobiles, trucks, trains and boats equipped for mobile telephone service. Ask Long Distance for the Mobile Service Operator, or the Marine Operator.

OVERSEAS CALLS (Including Alaska and Hawaii)

You can call practically all the world's telephones from your telephone. Tell the Long Distance Operator you wish to place an overseas call and give her the name of the country you are calling.

Some typical weekday rates for a 3-minute call (excluding Federal Excise Tax)

ARGENTINA, AUSTRALIA, BRITISH ISLES, ITALY, JAPAN, PHILIPPINE IS.	$12.00	BERMUDA	$6.50
		PANAMA	7.00
		PUERTO RICO, VIRGIN IS.	7.50
		HAWAII Honolulu	6.00
ALASKA	Anchorage $8.25	Juneau	$6.75
	Fairbanks 8.25	Nome	9.00

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

Upon request the Operator will notify you at the end of a stated period of time on long distance calls.

LONG DISTANCE RATES FROM SAN LUIS OBISPO

These typical rates are for the first 3 minutes and do not include the Federal Excise Tax. Most rates are lower every night and all day Sunday, Thanksgiving, Christmas and New Year's Day. Time at the calling point governs the application of these rates. For rates to other points, dial the Long Distance Operator. The minimum charge for a collect call within California is 30c.

BUSINESS with the Telephone Company

Your Service Representative

Your account is handled by a representative at the Business Office who will help you in any service requirement. She will arrange for new or additional telephone service, a move or disconnection of service, listings in the directory, and advertising. She will also answer questions about your bill or payments, and will furnish information on other telephone matters.

To reach a local Business Office, place your call as follows:

- From Atascadero telephones . . . dial 466-9221
- From Paso Robles telephones . . dial 238-0911
- From San Luis Obispo telephones . . . . . dial 543-9000
- From other telephones, dial Operator and ask for Business Office.

No charge is made for these calls. Office hours are from 8:30 to 5:00 (closed Saturdays, Sundays and holidays).

Our Business Offices are located at
117½ E. Branch St., Arroyo Grande
1030 Vine St., Paso Robles
872 Morro St., San Luis Obispo

If You Want to Talk with Your Service Representative and Your Telephone Number Begins with

	dial

Templeton . . . . . Templeton Mercantile

WHEN PAYING IN PERSON OR BY MAIL, ALWAYS INCLUDE YOUR BILL STUB OR PAYMENT CARD

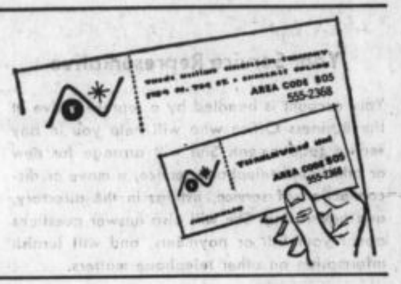
Blue Book of Telephone Numbers

For faster service this attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers. The latest edition contains a list of area codes for over 700 cities. To get one free, just call, write or visit your Business Office.

HELPFUL INFORMATION

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your area code, too—it helps distant parties call you faster.



When You Hear a "BEEP" Tone

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

Attachments to Telephones

The Telephone Company furnishes all equipment necessary to provide telephone service. In the interests of safety and good service, no equipment, apparatus or device not furnished by the Telephone Company may be attached to, or used or connected with, its facilities, except as provided in the Company's tariffs.

Employee Identification Cards →

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company" please ask to see his card.

Telegrams

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph company—see the listings of that company in this directory—and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

Out-of-Town Directories

Directories of other cities may be obtained at a nominal charge. Call our Business Office.

Telephone directories of the principal cities and towns in the Western States may be consulted at our Business Office.

Automatic Answering Set

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available. It then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory.

Some of these sets will also record a message from the caller.

Tariffs

Tariffs which show rates and rules for telephone service and facilities are on file with the California Public Utilities Commission and are available in our Business Office for public inspection. In addition, leaflets covering basic rates for service are available on request.

On the Cover

Piedras Blancas Light House, north of San Simeon Bay, was built in 1874 after numerous wrecks occurred along the adjacent coast. Operation of the light began in 1875 when the United States government hired private lighthouse keepers. In 1939 the Coast Guard took over the responsibility. Originally 110 feet high, remodeling in 1949 reduced the tower height 40 feet but the modern light source, a 200,000 candle power lamp 142 feet above sea level, can be seen up to 18 miles off shore.

Yours for the asking...this free booklet

is an easy way to keep an up-to-date list of local and out-of-town numbers you call often. It's convenient, too, for jotting down new numbers . . . so you'll have them handy the next time you need them.

How to get your free booklet For your free personal number booklet—just telephone, send a postcard, or drop in at your nearest Pacific Telephone business office. Why not get your copy today!

Pacific Telephone

Make "Phone Plans" part of your Home Plans...

built-in telephone facilities are inexpensive

Whether that dream home you're going to build is a mansion or a simple cottage, the cost of installing built-in telephone facilities during construction will be well within your budget.

Conduit (that's a metal tube concealed in the wall through which wires are drawn when your telephone service is installed) leads to locations where telephone instruments would be handiest and most serviceable. Whether your immediate need is for a single telephone, or for several, you meet it more practically and economically this way. It permits locating the instruments where most convenient. You avoid marring finished walls or bringing exposed wire along the baseboards.

We maintain Telephone Planning Service at no cost to you to help you match good "Phone Plans" with your preferred Home Plans. Call on us before building begins.

The Pacific Telephone and Telegraph Company

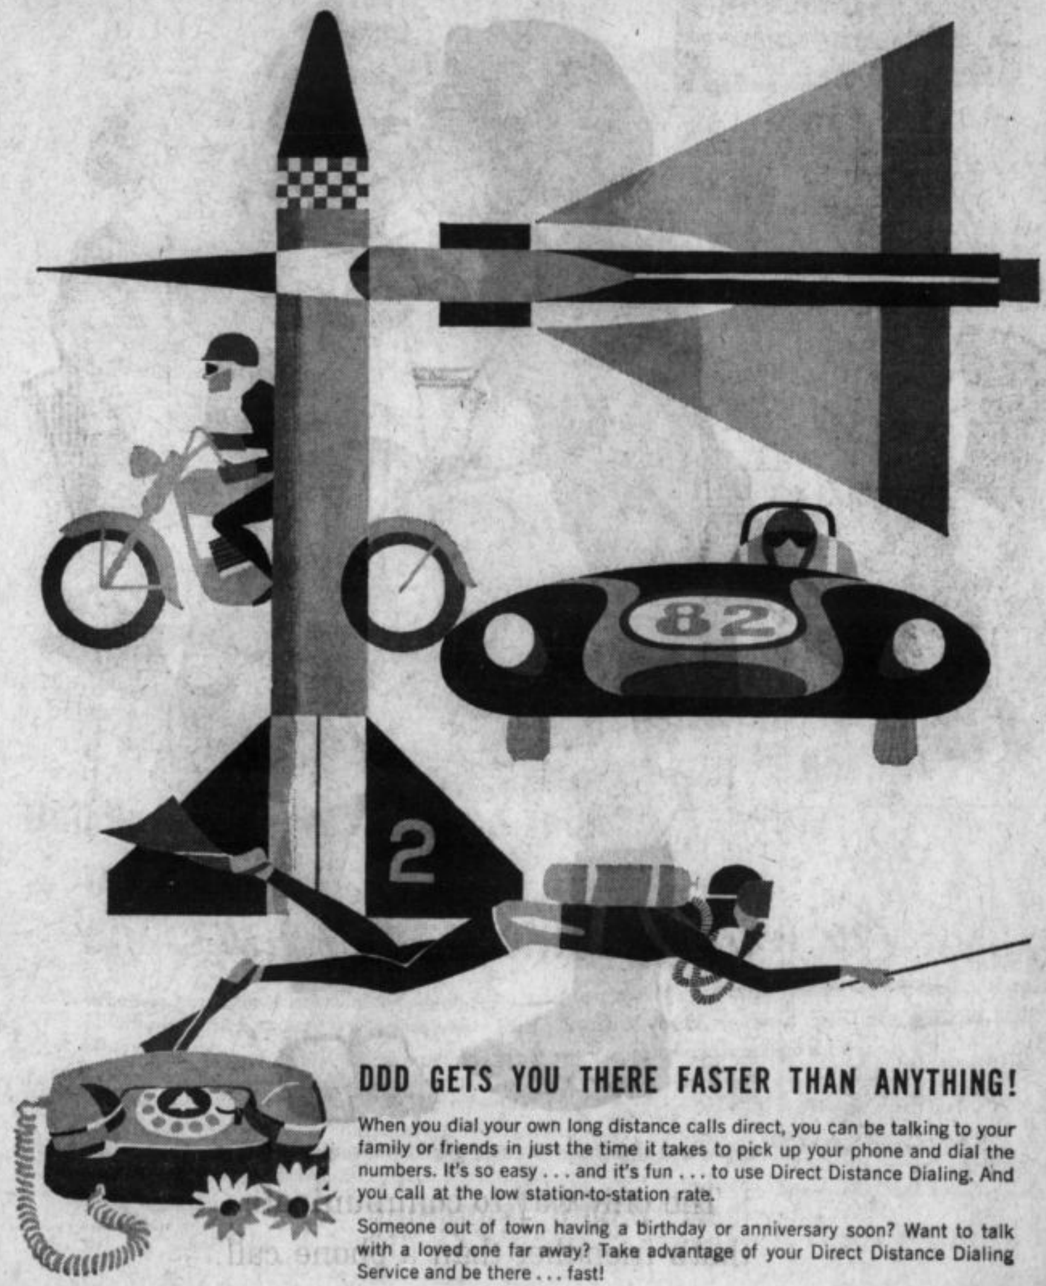
You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!" —it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls. So, next time your telephone rings, won't you try to answer as quickly as you can?

Pacific Telephone



DDD GETS YOU THERE FASTER THAN ANYTHING!

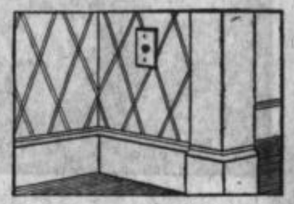
When you dial your own long distance calls direct, you can be talking to your family or friends in just the time it takes to pick up your phone and dial the numbers. It's so easy . . . and it's fun . . . to use Direct Distance Dialing. And you call at the low station-to-station rate.

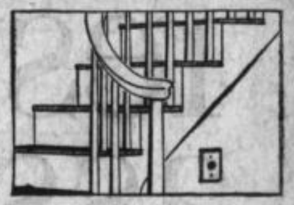
Someone out of town having a birthday or anniversary soon? Want to talk with a loved one far away? Take advantage of your Direct Distance Dialing Service and be there . . . fast!

The only way to communicate
that's friendlier than a phone call.

Building your dream home soon?

DON'T FORGET TO PLAN AHEAD FOR CONCEALED TELEPHONE WIRING





Whether you'll want only one or a number of telephones, the time to plan for built-in concealed wire facilities is when your home is still in the blueprint stage.

For then you can be certain you won't later have to tear up part of your flooring or bring the wire in along the baseboard.

So decide in advance on convenient locations, and specify that conduit be installed during construction. This provides a metal tube through which wires may be drawn when your telephone is installed.

Our Telephone Planning Service will help you in every way possible at no charge.

rest assured

with an extension phone near your bed
...always ready to use no matter what the hour.

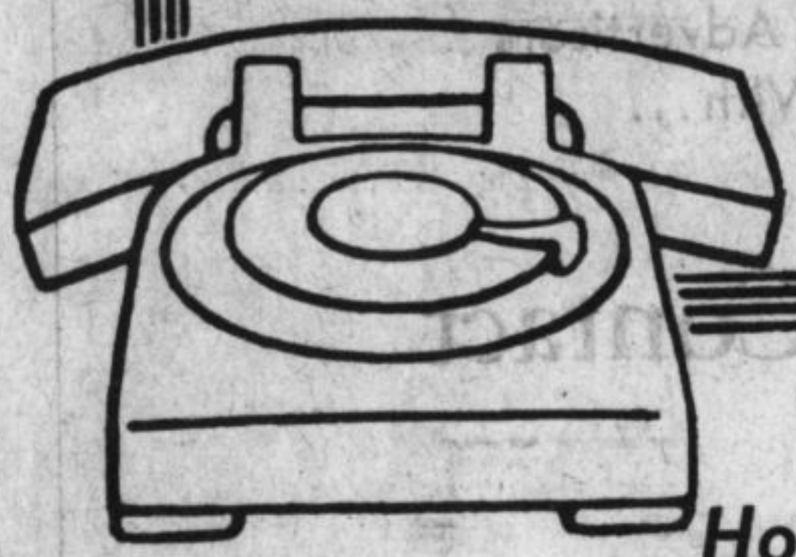
YELLOW PAGES... 900 3rd ST.
SAN FRANCISCO

YELLOW PAGES

WITH GREEN INDEX



How to use the YELLOW PAGES

The **green index pages** are ready reference to thousands of classified headings established to help the **Buyer** find the **Seller.** If you are in doubt about the correct classification at which you will find the product or service you desire, consult the **green index** where cross-references are given to assist you. Use the **green index** to the Yellow Pages and take the trying out of **buying.**

READY TO BUY?

Bakers or Brokers—Furs or Furniture—Tailors or Trailers. Just turn to the proper classification and there you will find many firms represented with listings or advertisements giving you vital information to help you in selecting a dealer.

LOOKING FOR BRAND NAMES?

Turn to the heading which best describes the product or service in which you are interested. Authorized dealers for products bearing the Trade Mark or Trade Name you have in mind, will be represented there, ready to serve you.

FORGET SOMETHING?

You remember the address but you can't quite recall the name. Look under the appropriate heading for the product or service you want, then check the addresses of the dealers listed there. You will quickly find the address and the name you had forgotten.

EVEN WHEN YOU KNOW THE NAME

The Yellow Pages help you find it faster! For example, if the dealer's name is Brown, it is much easier to look for him under the classification descriptive of his business, than to look through the long list of Browns in the White Pages.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Please
DIAL CAREFULLY
Careless dialing puts other people to needless bother—and delays your call. Please make sure of the right number, listen for the dial tone, then dial carefully.

The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through."

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

FOR BEST RESULTS WITH YOUR TELEPHONE

please . . .

Make sure of the number. If in doubt consult the Telephone Directory.

Speak with lips close to the mouthpiece, using your natural tone of voice.

And give the called person TIME to answer!

Thank You!

TO REPAIR LINOLEUM
If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Errors in dialing are easy to avoid when numbers are written out properly. The Area Code comes first (if the telephone is outside the state), then the three digits of the prefix, separated from the last four numerals by a dash.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

Here's how you may be sure of getting your party more often when you dial:

1. Look up the number in the latest directory. Write it down.
2. Listen for dial tone.
3. Dial carefully.
4. Wait a minute before you decide your party isn't home.

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Have the right number when you call. It's natural to trust to memory —but when memory plays tricks with a telephone number, you're delayed. When you are not sure of a number—please look it up in the telephone directory.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

NAIL POLISH FOR METAL

To keep the bright metal bands on kitchen sinks and counters from staining your apron black, touch up the bands with colorless lacquer. If you can't get the lacquer, colorless nail polish will do.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

You'll get quicker service when you dial if you follow these simple steps:

1. Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Remove your finger and let the dial return naturally, without forcing or hurrying.
5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.

CALLING LONG DISTANCE?

For faster service, list all-out-of-town numbers in the Blue Book of Telephone Numbers.

When you give the operator the number, your call goes through nearly twice as fast.

To obtain without charge, just call, write or visit your business office.

Don't Throw It Away

Things around the house you consider useless — may need only minor repairs to make them serviceable. Call a service man near you.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

Fertilizers–Retail–(Cont'd)

SHELL NH3 SERVICE
NH_3 (Anhydrous Ammonia) contains more nitrogen than any other kind of fertilizer —82% guarantee. Shell NH_3 is sold applied — you save time, save labor. It's the sure way to fertilize your crops.

For Emergency Calls See Information Pages

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

In these busy days when saving time is so important, more and more telephone users are following the thoughtful way of answering the telephone: "Harry Smith speaking." Such an introduction establishes identity, saves time and makes a good impression.

Hearing Aids–(Cont'd)

ZENITH "LIVING SOUND" HEARING AIDS

Zenith

• Wide selection includes eyeglass, behind-the-ear and an all-new in-the-ear instrument. Types for any electronically correctable hearing loss. By makers of Quality Zenith TV, radios, color TV. Ask about 10-DAY MONEY-BACK GUARANTEE.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver promptly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

FOR BEST RESULTS WITH YOUR TELEPHONE

please . . .

Make sure of the number. If in doubt consult the Telephone Directory.

Speak with lips close to the mouthpiece, using your natural tone of voice.

And give the called person TIME to answer!

Thank You!

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

PLEASE
LISTEN for the
DIAL TONE
BEFORE
DIALING

That "dial tone", a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE
1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

PLEASE LISTEN for the DIAL TONE BEFORE DIALING
That "dial tone", a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

Always KEEP RECEIVER ON THE HOOK

When you are through talking on the telephone, always see that you place the receiver back on the hook. Otherwise you may miss an important call.

Here's how you may be sure of getting your party more often when you dial:

1. Look up the number in the latest directory. Write it down.
2. Listen for dial tone.
3. Dial carefully.
4. Wait a minute before you decide your party isn't home.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

TO PAINT SCREENS
To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

EXPLOSION IN OVEN

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

Why Not?
When you select someone to supply your needs, make it a point to tell them that you found their advertisement in the . . .

TO REPAIR LINOLEUM
If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

WHAT CALLS
Did He
MISS?

He'll never know; for he failed to replace the receiver of his telephone.

Your calls may be important. See that the receiver is properly replaced.

The Yellow Pages save you time.

Advertise here—it pays.

Your office is wherever you are... means faster better service to you and your customers.
MOBILE TELEPHONE EQUIPMENT
• INCREASES YOUR SALES OPPORTUNITIES. • SAVES THE BUSY EXECUTIVE'S TIME.
• REDUCES YOUR SERVICING COSTS. • PERMITS MORE EFFECTIVE SUPERVISION.
• ELIMINATES DELAY IN MAKING OR RECEIVING REPORTS.
• MINIMIZES DELAY IN CASES OF EMERGENCY.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver promptly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.

Here's how you may be sure of getting your party more often when you dial:
1. Look up the number in the latest directory. Write it down.
2. Listen for dial tone.
3. Dial carefully.
4. Wait a minute before you decide your party isn't home.

TO BE HEARD clearly

. . . please speak directly into the Telephone with your lips just clearing the mouthpiece.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.

Party Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Your telephone is one of today's best bargains.

BLUE BOOK of Telephone Numbers

For faster service this attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of local and out-of-town numbers.

To obtain without charge, just call, write or visit your business office

PLANNING TO BUILD A NEW HOME OR TO REMODEL?

You'll want telephones located throughout your home for the most in comfort, convenience and protection.

Here's a friendly tip: Make sure your plans include Built-in Telephone Wiring to serve future telephone needs.

Locations of telephones can be changed or additional telephones added in the future without tearing up flooring or running wires along baseboards.

Before you build or remodel, consult our free "Telephone Planning Service."

Consult our free Telephone Planning Service about concealed telephone wiring before building.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

An extension telephone is a step-saver in any home.

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

ANY TIME

When things happen unexpectedly — the demand for promptness of service is urgent. You'll find firms who render 24-hour service listed in the

YELLOW PAGES

When you want to telephone

LISTEN FOR THE 'DIAL TONE'

—dial carefully—turn the dial all the way and then let it go back to position naturally, without forcing. These simple steps enable you to dial telephone numbers speedily and with precision.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Behind on orders? Let handy YELLOW PAGES introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the YELLOW PAGES of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the YELLOW PAGES once . . . you'll use it often.

(Please See Advertisement This Page)

U-Haul Co Dlr
320 N Broadway Santa Maria---925-9939
(Please See Advertisement This Page)

The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through."

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.
